

01/13/2022 Call Committee Update

The Call Committee was installed this past Sunday and has already met as a group. Two main goals were addressed: assign positions within the committee and begin completing the Ministry Site Profile (MSP). The committee's chairperson is [Andrea Taylor](#), the recording secretary is [Hans Bodine](#), the spiritual guide is [Annie Moss](#), the communicator is [Doug Gerber](#), the council liaison is [Gail Morgan](#), and [Pastor Severson](#) is our Synod contact.

The first task to be finalized by the Call Committee is to complete the Ministry Site Profile (MSP), a document to which the Church Council has already added thoughtful input. It provides information about our congregation and the surrounding community to prospective pastors as well as details for what St. James is looking for in its next pastor. The committee will meet again on January 24, and we will continue to update you via *Connections* [and the church website](#).

As we navigate this important journey, we welcome the input of our congregation. Please feel free to reach out to any member of the Call Committee, either in person or by email, with any questions, ideas, suggestions, or concerns.
